Scope of This Document

This voluntary model of product accessibility, or VPAT, is a document that Docebo makes available publicly to clearly identify the state of compliance of the platform with WCAG 2.1 standards, level AA (with references also to European Telecommunications Standards Institute EN 301 549 and US Federal Government Revised 508 Standards).

This VPAT applies to the Learner role only, since the platform is accessible from the learner's point of view only. It does not apply to the content providers and platform administration.

As for the learner role, we consider the platform core functionality in terms of accessing and attending the courses included in the learner's learning path. At the moment, other learner features are explicitly excluded. Accessibility has been implemented for Docebo 7.0, and it is not available on Docebo 6.9.

Docebo's journey towards accessibility began in 2020 and it can be considered as a work in progress, as more and more areas of the learner experience meet the platform accessibility standards. As of January 26, 2021, the compliance on accessibility has reached in the following areas of your desktop platform:

Registration and Platform Policies

- Login page
- Self-registration page
- Reset Password page

- Legal agreements on dialogs: Privacy Policy, Cookie Policy and Terms & Condition

Layout

- Header (including the global search box and the related quick results window), user menu, notifications and gamification panels

- the calendar *display mode* view in the Course Catalog widget and page
- the *Ask the Expert* panels
- the *Share Content* panel

- the *Add to Playlist* panel

Docebo has developed these areas of the platform with accessibility in mind, so that they can be used by anyone, in any condition, and in any situation. Docebo keeps working on other areas of the learner experience of the Docebo learning platform in order to extend the areas covered by accessibility over time. For any general inquiry related to accessibility, or if you have any ideas you would like to share with us, we are glad to hear from you. Do not hesitate to contact our accessibility program manager at accessibility@docebo.com
